NEW HORIZONS

Keeping our vision and mission in mind, we at Artciti are proudly launching four new artists that work with different art themes from Interior Sindh. We believe in giving everyone the same opportunity to use our platform to reach all art lovers across the world. This exhibition is an effort to introduce new talent from different parts of Pakistan, especially Interior Sindh, to our audience. These four artists; Gul-E-Shazma, Habiba Mughal, Hafsa Shaikh and Maham Siddiqui have created beautiful art pieces using Acrylic & oil on Canvas for our upcoming exhibition. In this exhibition you will see realistic work, cityscapes and the use of contrasting colours.

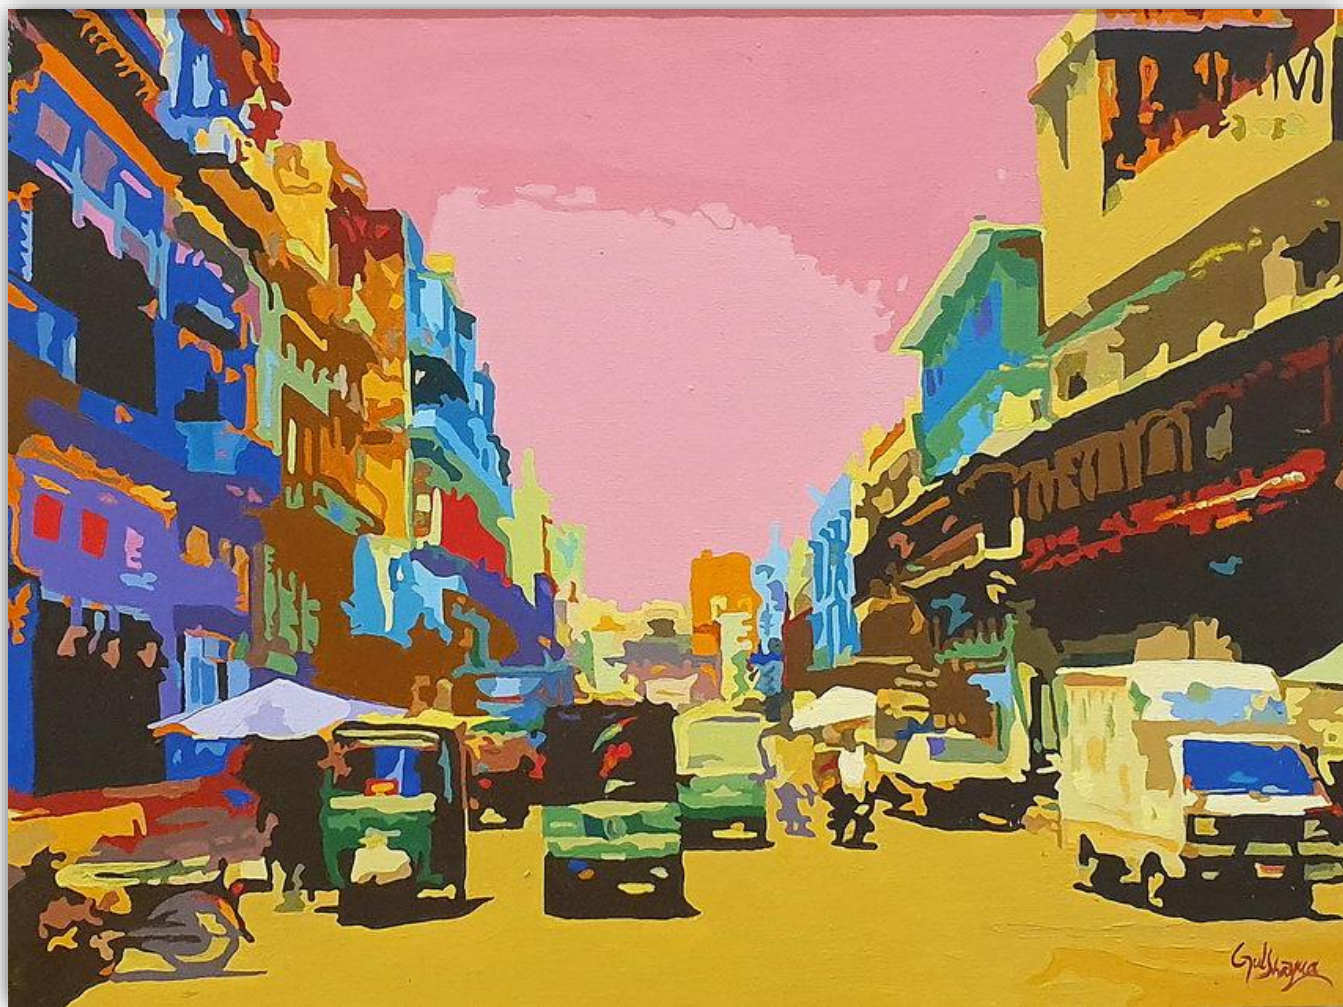

NEW HORIZONS

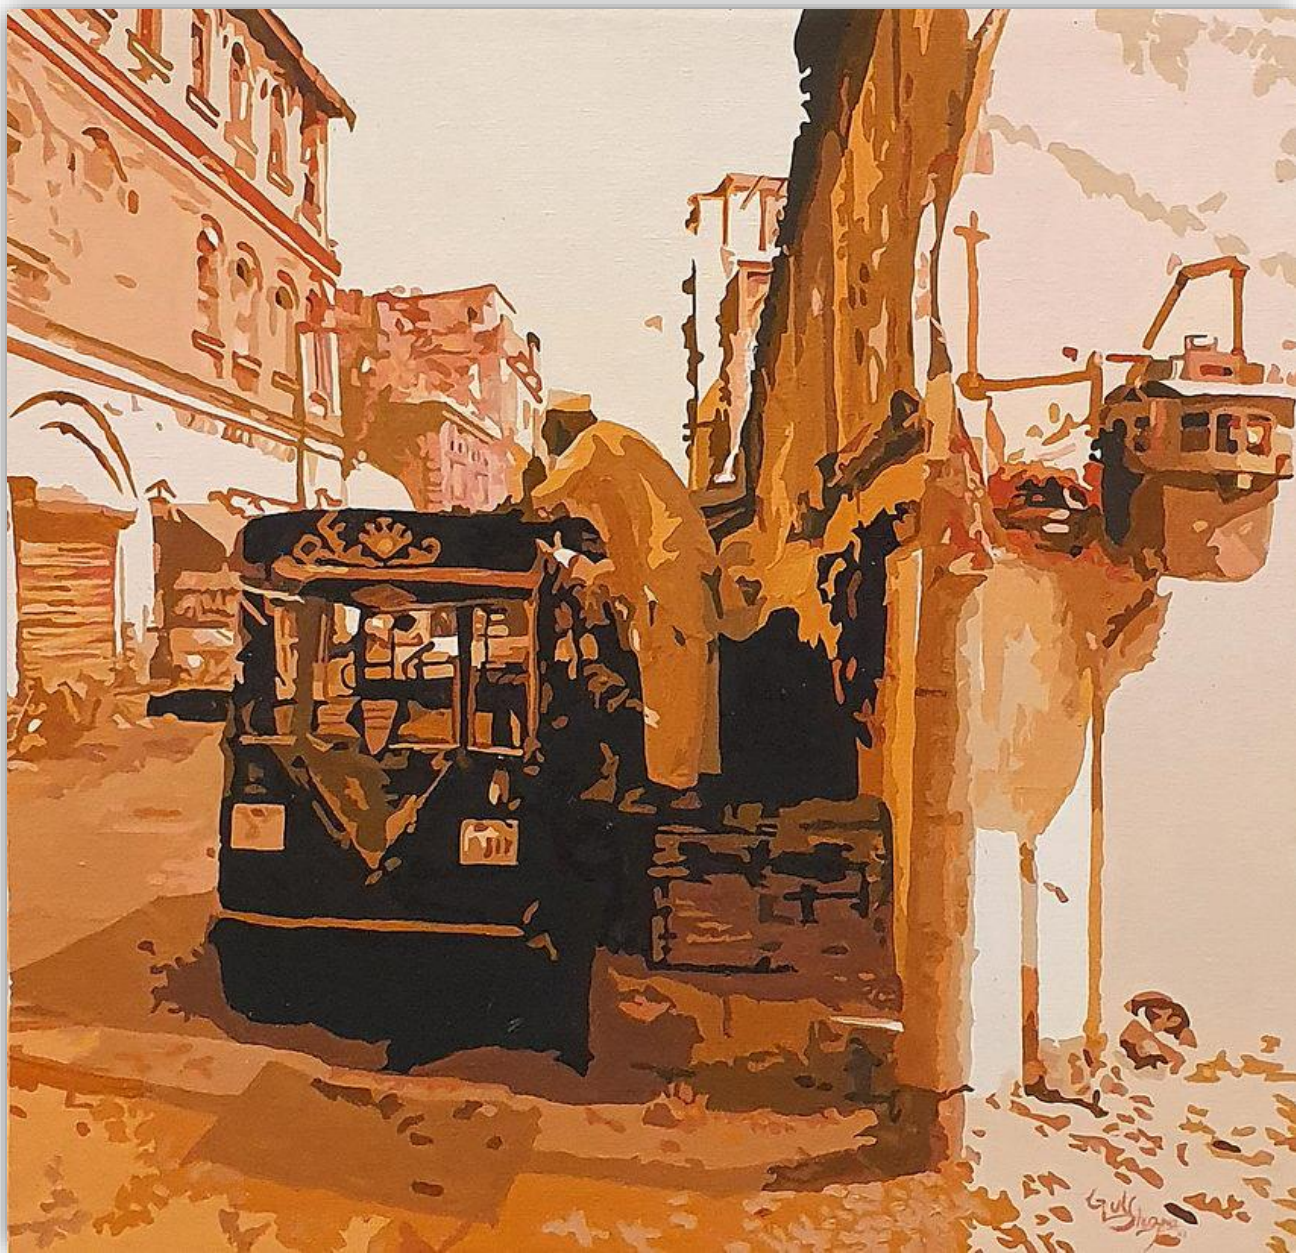

I use the technique of seudorialism and contrasting colours in my work, to show various emotions. I believe sharp and bold colours help understand various segments of one's daily life. Technique of seudorialism is the combination of unreal abstract elements which together make a comprehensible realist representation.

NEW HORIZONS

I believe my work is the representation of our beautiful world. Basically, things and scenes we notice in our daily lives. My paintings are based on the things we see when we travel. This doesn't only include various places but crowded markets, the rainy and dusty environment and more. To make my work more realistic, I sprayed water on a glass to create a rainy effect. I also work with the bokeh light shapes which are merged into each other.
